

# RAIL & SUPPORT PADS

VIP-Polymers have been supplying track support products to the rail industry for many years. Manufactured in a variety of natural and synthetic elastomers, VIP-Polymers railpads are designed to withstand the most demanding operating environments.

VIP-Polymer railpads offer the following benefits:

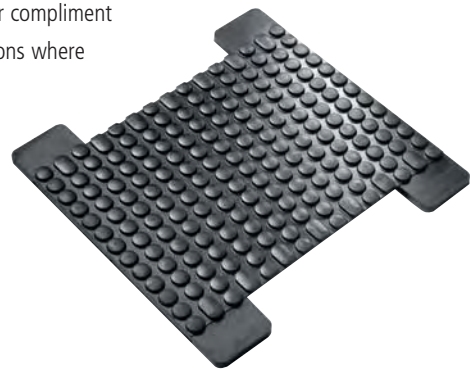

- Excellent Impact Attenuation
- Noise Suppression
- Improved Passenger Comfort
- Extended Track Life
- Extended Ballast Life

Other Rail Products:

VIP-Polymers also manufacture a range of ancillary rail support products designed to either compliment the benefits of railpads or for applications where further noise suppression and impact attenuation are required.

These products include:

- Sleeper Boot Pads
- Sleeper Pads
- Ballast Mats
- Baseplate Pads
- Railpads made from Dual Composite Polymers
- Plastic Rail Support Pads
